### **MJC Development**

(mjc-llc.com)—which designs, builds and appoints luxury homes in Napa Valley—recently unveiled a pair of one-of-a-kind residences: Cunningham and Orchard. The larger of the two, Cunningham, includes a 10,000-square-foot main house with a wine cellar (of course), library and yoga studio, as well as a 1,000-square-foot guesthouse, outdoor kitchen and pool—all situated on 5 acres with chardonnay vines. Both properties boast custom interiors by Jennifer Nagle Interior Design. Home prices available upon request.
